

**Please give the following information to your driver:**

Please ensure that the driver looks at the map on our website [www.radnor.org.uk](http://www.radnor.org.uk) or the attached map for how to get to the Range.

If he inputs the range postcode LD8 2TN into his/her SATNAV, it will direct him to a point 2 miles further down the main road than he needs to be.

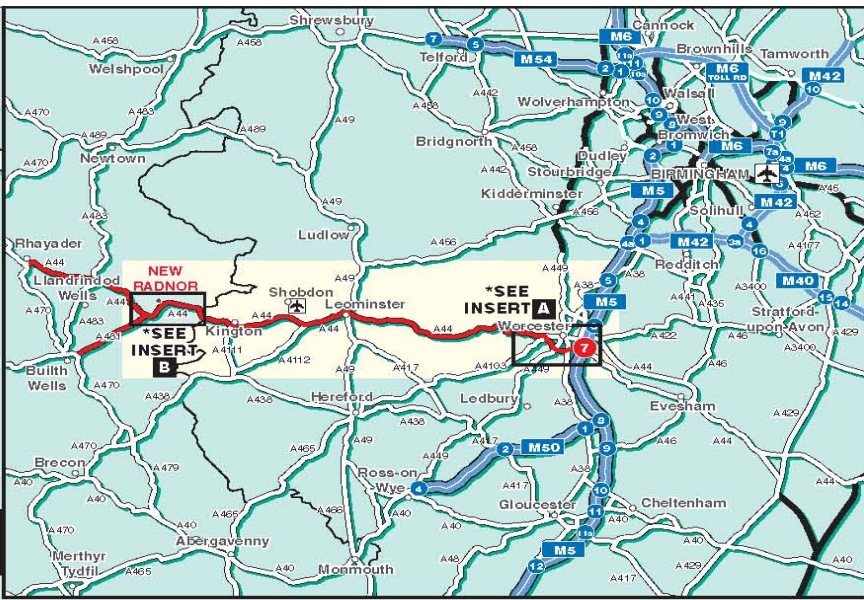

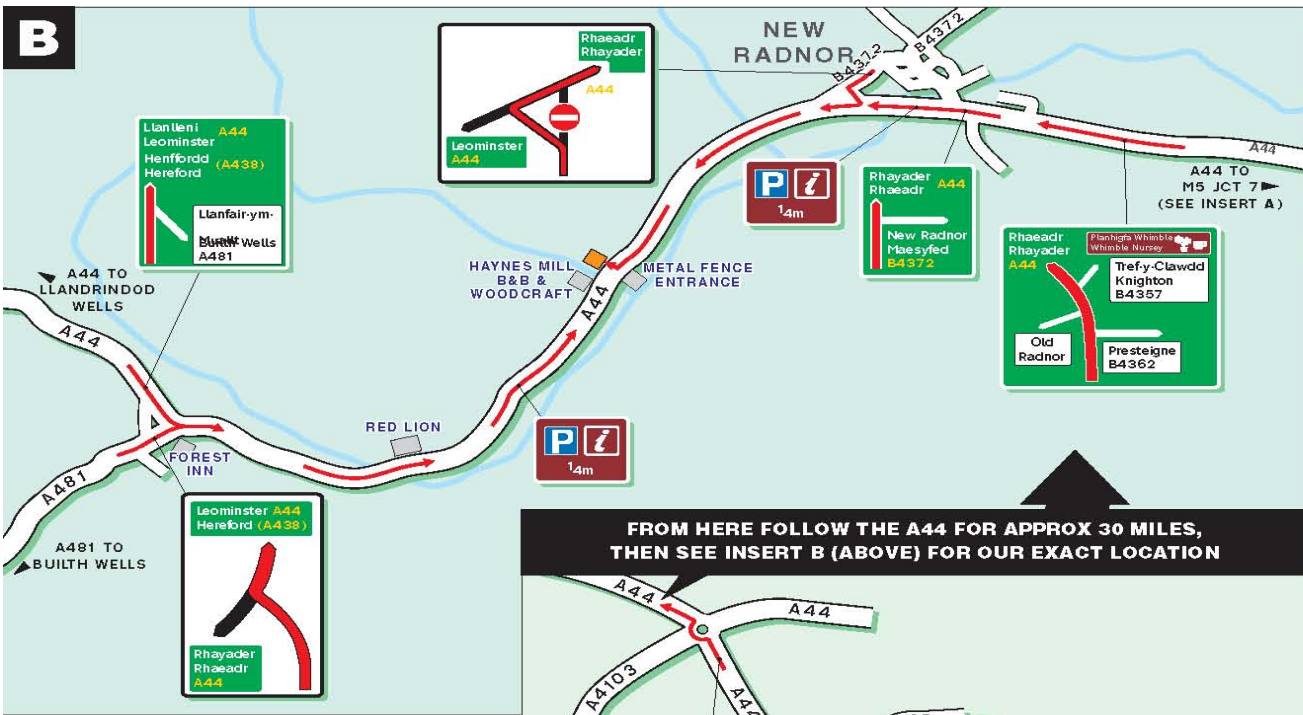

The turning into the Range from the A44 is on the right hand side approximately half a mile after passing the sign for New Radnor. The turning is immediately beyond and obscured by a woodcraft shop "Haines Mill Woodcraft". The first Range gate is a metal 5 bar gate which you can see from the A44. We attach a picture to pass on so the delivery driver knows what to look out for.

If he/she finds himself lost then he can phone :

Craig Adams – 07971 631827

Graeme Kirkpatrick- 07970326316, or

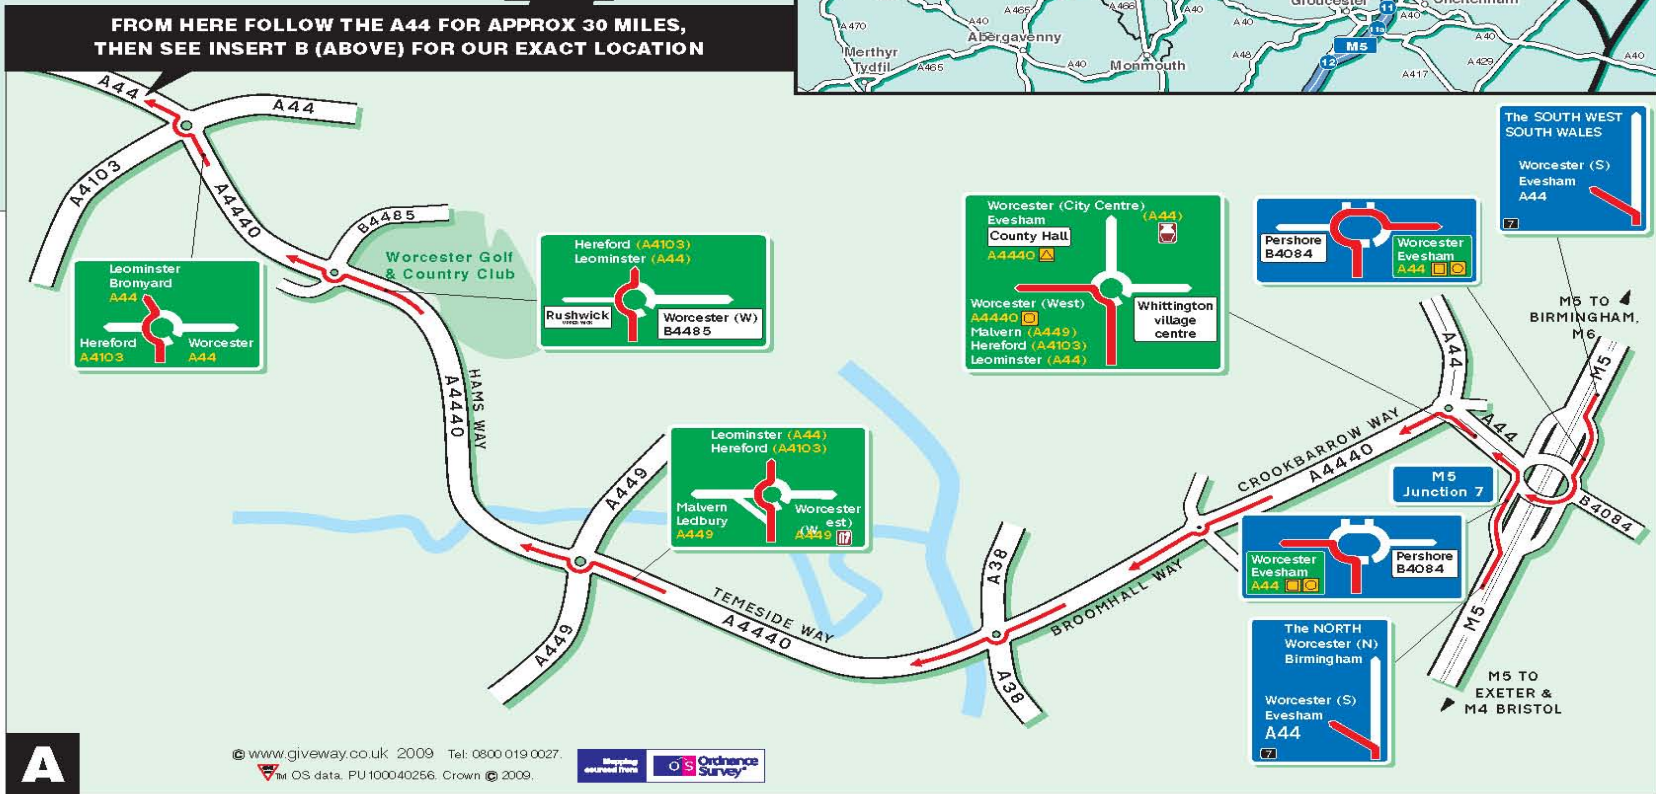

Paul Stadie- 07791248746,
