The turning into the Range from the A44 (westbound) is on the right-hand side approximately half a mile after passing the sign for New Radnor. The turning is immediately beyond and obscured by a woodcraft shop “Haines Mill Woodcraft”. The first Range gate is a metal 5 bar gate which you can see from the A44.

Arrival Instructions

Once you have arrived at the main site entrance you will need to travel along an uneven track with many potholes– this will take approximately 15 minutes to navigate so please allow extra time in your journey to allow for this.

Clothing

Due to the rural location and uneven terrain– please wear suitable outdoor footwear and clothing. We would recommend walking boots and a waterproof coat.
